BREAKING CURFEW

I've gotta be the only 20-year-old in the entire United States who has to be home at 11:00 every night. Mom says she can't go to sleep if I'm not home. I say, 'Get over it!' But she won't budge. So, I kiss her goodnight every Saturday at 10:30, go to my room, close the door, and then very quietly I sneak out the window.

"Hey, I've got to have a life, right? So last Saturday me and my friends from school are hanging out at the convenience mart. One of the guys is Ed, a really cute math major I know from one of my GER courses, and all of a sudden he goes in and buys a whole bunch of fudge pops for all the girls. Hmm, that was a dirty trick, but it worked on me. I love fudge pops.

So we start talking, and I'm sitting in the back seat of Stacey's convertible, and he's kind of sitting with his butt on the door, and I'm wearing this really short skirt that keeps hiking up on me. I keep sort of trying to push it back down, but I know it's driving Eddie crazy. And I just keep sucking and licking my fudge pop as if nothing's going on.

"So then he tells me he's got this new (used) van with an outrageous stereo system, and he asks me if I want to check it out, it's around the corner. And I'm like, suspicious and all, but I figure, what the hell, I can always scream if he tries to take advantage.

"So we go over, and he takes me inside, and whaddya know, there really *is* this mondo cool sound system in there! So he's showing me the graphic equalizer and hyper-bass and all that stuff, and I'm actually starting to feel really dissed, you know? So I'm like, 'Eddie, is this all you wanted to do in here?' and he just blushes and gets all uncomfortable and he's like, 'Uh, er, uh...' I guess he really didn't think that far ahead. So I just grab him and kiss him, and I take his hand and shove it under my skirt so he can feel my warm pussy through the crotch of my panties—mmm!—He's getting all excited and he's breathing hard and then all of a sudden I see this stain start to spread over the front of his jeans, and I'm like, 'EWW!'

"So I'm laughing, and I jump out and I'm heading back to the convenience mart, and the whole time I hear him sort of calling out to me from the van, like, 'Wait, I'm sorry—it was an accident—Uh, can I see you again?'

"I'm a nice person, so when I got back I just said we had fun and I don't know *why* Eddie didn't come back with me. He's a little weird, but he's still kind of cute, you know? Maybe next time I break curfew I'll give him another chance, what do you think?"
